

# THE **FACTS** ABOUT...

## The only database of its kind

- ▶ Source Plasma donors testing “reactive” for HIV, HBV or HCV are entered into the NDDR.
- ▶ All individuals in the U.S. and Canada who are first-time plasma donors are checked against the NDDR.
- ▶ Donors who appear in the NDDR database cannot donate at any participating and industry-certified centers in the US and Canada.
- ▶ Standard ensures that donors deferred for reactive test results cannot donate.
- ▶ It is an important part of the industry-driven safety measures to help ensure the safety of plasma protein therapies.
- ▶ The NDDR is administered by Haemonetics Software Solutions and regulated by the U.S. Food and Drug Administration
