

IQPP Plasma Center Audit Report Form and Checklist

Version 9.0
Effective April 1, 2018

IQPP Plasma Center Audit Report Form Version 9.0

Auditor _____

Plasma Center _____

Address _____

Government Authority Identification _____

PPTA ID# _____

Telephone _____

Manager _____

Medically Qualified Person _____

Person Responsible for Quality Assurance _____

Date of audit _____ Start Time _____

(approx.) End Time _____

Auditor Recommendation:

For Certification/Recertification

For Certification/Recertification, pending resolution of issues listed on report form,

Section(s) Page(s) _____

Recommend Re-audit within _____ days.

PPTA Review _____ **Date Reviewed** _____

Auditor's Statement

As an Auditor for the International Quality Plasma Program (IQPP), I shall not, either directly or indirectly, for myself or for the benefit of or in conjunction with any other person, corporation, partnership, association, agency, department, or other legal entity, use, communicate or otherwise disclose, or permit to be disclosed, any Confidential Information relating to this audit or plasma center without prior written consent of such plasma center; provided, however, Auditor may, only to the extent reasonably necessary or appropriate to the performance of Auditor's duties, disclose such Confidential Information to PPTA or an employee of PPTA for use in the IQPP Certification or a person to whom disclosure is otherwise required by applicable state or federal law or regulation.

All information obtained during audit will be forwarded to PPTA to be made a part of the plasma center's IQPP certification file.

As a consultant appointed by PPTA to perform this plasma center's IQPP audit, I hereby attest that to the best of my knowledge no conflict of interest exists between my current clients and the audited plasma center and/or PPTA.

I also attest that I have employed reasonable, good faith efforts to protect the personal health information of any and all individual plasma donors, and have requested, reviewed, and incorporated such data only to the limited extent necessary to carry out my duties as an IQPP Auditor.

As a consultant for the purposes of performing the IQPP audit of said plasma center, I certify that the attached audit findings and comments are true and accurate findings based on my observations and record review during the audit.

Auditor Signature _____ Date _____

POST AUDIT REVIEW

I acknowledge that the Auditor has reviewed the observations listed in this report. My signature does not constitute concurrence or denial of any of the observations made by the Auditor.

Company Representative _____ Date _____

Title _____ Center Name/Location _____

B – Community-Based Donor Population				
#	Audit Question	Yes	No	Ranking
1.	Does the center have a system to identify potential donors who reside outside the Donor Recruitment Area?			Minor
2.	Does the center have a current (no more than one (1) year old) list of unacceptable addresses available for donor screening?			Major
3.	Does the center update this list every time it becomes aware of an unacceptable address?			Major
4.	Does the list cover all areas from where donors are recruited/accepted?			Minor
5.	Does the center verify the donor's address against the unacceptable address list (initially and annually)?			Minor
6.	Does the center reject donors when the donor's address is a known hotel, motel, mission, halfway-house, or shelter?			Major
7.	Does the center require new donors to provide valid photo identification issued by an employer, educational institution or government authority?			Major
NOTE: The following question does not apply to college/university students, locally-stationed members of the military or donors intentionally transported for the collection of source material for specialty donors.				
8.	Does the center reject donors with permanent residences outside the center's defined Donor Recruitment Area?			Minor
<u>Auditor Comments on Section B:</u>				

C – National Donor Deferral Registry or centralized donor deferral registry usage				
#	Audit Question	Yes	No	Ranking
1.	Does the center check all Applicant Donors or donors being processed as Applicant Donors against the National Donor Deferral Registry?			Critical
2.	Is the response (verification code) provided by the NDDR system recorded and traceable to the donor?			Major
3.	Are donors that are intentionally collected for anti-HIV, HBsAg, or anti-HCV positive units under a government-approved collection program checked against the NDDR and added to it if necessary?			Major
NOTE: The following questions do not apply to companies using an integrated system shared by their centers and the NDDR Data Entry Site/Laboratory.				
4.	Is there a position responsible for providing donor information to the NDDR Data Entry Site within three (3) business days of receiving positive test results?			Major
5.	Is donor information input into the NDDR within three (3) business days of notification of donor information?			Major
<u>Auditor Comments on Section C:</u>				

D – Donor Education				
#	Audit Question	Yes	No	Ranking
1.	Does the center have an electronic, paper or video-based education system (or materials) to help donors address risk behavior?			Major
2.	Is the donor’s comprehension of the information assessed initially in order to assure their understanding of risk behavior?			Major
3.	Does the center provide materials (e.g., electronic, paper or video-based) to educate the donors, on their initial visit, on general well-being practices for plasma donation as directed by the corporate office?			Minor
<u>Auditor Comments on Section D:</u>				
E – Personnel Education and Training				
#	Audit Question	Yes	No	Ranking
1.	Do the center records reflect that the corporate training guide is being implemented and that the records are up to date?			Major
2.	Do all center employees have documented annual GMP training?			Major
3.	Is there documentation on file (such as a diploma, GED equivalent, college/university transcript or professional license) demonstrating that center employees (with a functional job related to donor screening, plasma collection, product handling or other similar functions) have attained the minimum level of education required in the Standard?			Minor
<u>Auditor Comments on Section E:</u>				

F – Professional Plasma Collection Facility				
#	Audit Question	Yes	No	Ranking
1.	Is the building structurally sound and showing no evidence of loss of exterior integrity?			Major
2.	Are windows and doors maintained in good repair?			Minor
3.	If windows are open, is adequate screening in place to prevent insects, debris, etc. from entering the center?			Minor
4.	Is the building and its immediate exterior surroundings kept free of litter and debris?			Minor
5.	Does the center have a policy stating that littering and loitering about the center are prohibited, and (where applicable) that smoking, while prohibited in the center, may be permitted about the center only in designated smoking areas, and is that policy effectively implemented and enforced?			Minor
6.	Is the area in which the dumpster is located free of waste?			Minor
7.	Does the entrance to the center control the flow of donors into the center?			Minor
8.	Is the center configured in a way that prevents public access to the unauthorized areas of the center?			Major
9.	Do entrances, exits and applicable parking areas have adequate lighting?			Minor
10.	Is seating adequate to avoid the overflow of donors into aisles, doorways, the outdoors or other areas of the center outside of the designated waiting area (except during peak periods)?			Minor
11.	Are all areas of the center configured to provide for safe and proper operation?			Major
12.	Is signage, if present, professional in appearance and maintained in good order?			Minor
13.	Are temporary signs such as posters and banners for promotional campaigns professional in appearance and maintained in good order?			Minor
14.	Are all surfaces (walls, floor, ceiling, etc) maintained in a clean and sanitary manner and kept in good repair?			Major
15.	Is interior lighting adequate and maintained in good operating order?			Minor
16.	Are there separate restroom facilities available for staff use?			Minor
17.	Are all restroom facilities maintained in a clean manner, in good repair and are donor restrooms easily accessible to donors?			Minor

18.	Are adequate supplies for hand washing and sanitary purposes available in all restroom facilities and appropriate areas?			Minor
19.	Are the cleaning supplies in an appropriately sanitary state or condition?			Minor
20.	Do records indicate that storage areas are kept clean and at their appropriate temperature levels?			Minor
21.	Are storage areas adequate in size to contain all supplies necessary for center operation?			Minor
22.	Are supplies stored in areas of the facility which are accessible only to authorized personnel?			Minor
23.	Is the infectious waste storage area accessible only to authorized personnel?			Major
24.	Are there procedures in place preventing donor access to manufacturing records, supplies, plasma units and corresponding samples?			Major
25.	Does the center maintain Donor Record Files and information in a confidential manner to ensure access by authorized personnel only?			Major

Auditor Comments on Section F:

G – Complaints				
#	Audit Question	Yes	No	Ranking
1.	Does the center follow company procedures regarding customer and/or donor complaints?			Major
<u>Auditor Comments on Section G:</u>				
H – Quality Assurance				
#	Audit Question	Yes	No	Ranking
1.	Does the center follow company procedures regarding stopping the release of plasma for shipment, if necessary?			Critical
2.	Does the center follow company procedures regarding the specific checks that must be verified as acceptable before plasma units are released?			Critical
3.	Is final plasma release controlled by Quality Assurance personnel or a qualified alternate?			Critical
<u>Auditor Comments on Section H:</u>				

I – Viral Marker Standard				
#	Audit Question	Yes	No	Ranking
1.	Has the center been placed on the Viral Marker Alert List since the previous IQPP audit? If yes, answer question 1A – 1B below.			N/A
1A.	Is a copy of the corrective and preventive action (CAPA) plan response available at the center?			Major
1B.	Has the corrective and preventive action (CAPA) plan been implemented?			Major
2.	Are the data in the Donor Record File consistent with the Viral Marker data reported?			Major
3.	Are the reactive data at the center consistent with the viral marker data reported?			Major
<u>Auditor Comments on Section I:</u>				

K – Standard for Recording Donor Adverse Events				
#	Audit Question	Yes	No	Ranking
1.	Does the center follow the company’s approved process for recording known DAEs considered to be associated with any part of a Source Plasma donation program?			Major
2.	Does a licensed physician or physician substitute classify all DAEs listed in the DAE Classifications list in Clause 4.2 which have an asterisk (*), utilizing the available information and best medical judgment?			Major
<u>Auditor Comments on Section K:</u>				

List any GMP concerns:

General Overall Comments:

Ranking Guidelines:

Critical Observations = 50 points each
Major Observations = 10 points each
Minor Observations = 2 points each

Scoring Guidelines:

0 – 20 points – Next IQPP audit will take place in three (3) years.
21 – 50 points – Next IQPP audit will take place in two (2) years.
51 points or more – Triggers a procedure in which a re-audit in less than two years may occur.
